

## Womens Coveralls & Bib Overalls

Coveralls and Bib Overalls are available in Alpha and Numerical (chest size). Pro Tip: For best results measure over your undergarments. Use a cloth measuring tape. If you fall between sizes, size up.

### Find your chest size

Measure around the fullest part of your chest.

### Measure your inseam.

The inseam is from the interior leg hem (bottom) to the interior crotch. Pro Tip: Use a pair of pants that fit you well. Measure them laying flat, along the inside seam from the bottom of the hem to the interior crotch.

### Length by height:

- Regular is suggested for 5'4" - 5'7"
- Tall is suggested for 5'8" - 6'1"

ALPHA	S	M	L	XL	2XL	3XL	4XL	5XL	6XL
NUMERICAL	36	38 40	42 44	46 48	50 52	54 56	58 60	62 64	66
HEIGHT REGULAR	5'4" - 5'7"								
HEIGHT TALL	5'8" - 6'1"								

## Differences between Regular & Tall Sizing

- Tall sizes are 2" longer than Regular sizes in body length.
- Tall sizes are 1" longer than Regular sizes in sleeve length.
- If your size is not available in Regular, we suggest going down a size in TALL as a complimentary size. Equally if your size is not available in TALL, we would suggest going up a size in Regular. The extra length in Tall can in some cases accommodate a Regular size up, and the extra fabric in a Regular size up, can sometimes accommodate a taller silhouette.
