# **SIZE GUIDE**

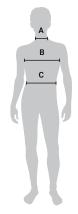

## **BODY MEASUREMENT GUIDE**

Fashion Biz apparel sizes are designed to fit average industry standards for the below body measurements. Please use this handy Body Measurement Guide to compare your own measurements and help you determine which size to order.

## **GARMENT TO GARMENT COMPARISON**

An alternate method is to compare your own garment size to ours. You can do this by measuring the ½ chest of your garment (layed flat, measured 0.5in below the sleeve join, from side seam to side seam) and compare it to ours. Please refer to the individual garment measurements, shown on each style page, to determine your garment to garment size comparison.

A. NECK

 Measure around the middle of your neck at collar level, keeping the tape loose to make allowance for comfort.

 B. CHEST

 Measure under your arms and across shoulder blades, around the fullest part of your chest. Hold one finger between body and tape.

 C. WAIST

 Measure around your natural waistline while holding one finger between body and tape, at the position your pants would normally sit.
