# HOW TO MEASURE

Our garments are cut to accommodate active working conditions. Here's how to get the correct size and ensure a comfortable fit.

## MEN

For men, as a general rule, the number of inches measured will equal your size, when measured correctly. Be sure to measure your body. Do not measure over shirts or slacks.

### NECK

Measure around base of neck (lowest part). Number of inches equals neck size.

### SLEEVE LENGTH

Start from the center of the back of neck and measure across the shoulder to the elbow and down the wrist.

### CHEST

With arms at sides, measure across fullest part of the chest, under arms and across shoulder blades. Keep tape measure straight across back.

### WAIST

Measure your natural waist at the height you normally wear your pants. Keep the tape measure firm but not tight.

### INSEAM

Measure the inside of your leg from crotch down to the top of the shoe. Or, measure a similar style of pants that fit well. Measure from the crotch seam to the hem.

### LOW HIP

Measure the widest point of your hip, approximately 8" below your natural waist.
